

NG 011

Cat.# BLK-1420

**Structure****Origin:** Penicillium sp.**CAS Registry Number:** 151271-58-8**Appearance:** off white solid**Molecular Formula/ Weight:** C<sub>32</sub>H<sub>38</sub>O<sub>15</sub>=662.65**Purity:**>95.0% by HPLC**Solubility:** Sol. in 1mg/ml ethanol, methanol, DMSO**Background Information:**

Nerve growth factor potentiator. NG-011, novel potentiators of nerve growth factor (NGF), were isolated from the culture broth of *Penicillium verruculosum*.

**Handling and Storage:**

Store at -20°C.
